TEXTILE WORLD RECORD

INDEX TO THE CONTENTS

OF

VOLUME XLVIII

COMPRISING

October, 1914—March, 1915

(INCLUSIVE)

LORD & NAGLE COMPANY
BOSTON

General Textile Subjects

Including Cotton, Silk and Woolen

Absorbent Cotton. The Preparation of 200
Absorbent Cotton. Handling 224
After the War 311
American Association of Woolen and Worsted Manufacturers 281
Aniline Oil and Hydrochloric Acid 506
Arno Smith Pearse 272
Artificial Silk. Formula for Treating 328
Artificial Silk Mills to Manufacture Explosives 217
Artificial Silk. Name for 59, 204
Artificial Waste Silk. Using 220
Automobile Tire Fabrics 191
Bill to Prevent Fraud. The Park 464
Black Lead on Lace Goods 329, 507
Both the Goods and the Money 271
Braids and Facings. Fancy 140
British Embargo and the American Wool Supply. The 275
Brown Discovered at Lowell. A Fast 117
Building Construction Costs 577
Calculations in Worsted Spinning. Draft 127
Canvas for Gloves 411
Carbonizing with Aluminum Chloride 141
Carding machine. An Improved 447
Card. The Capacity of a 134
Chiffon Taffeta. The Manufacture of 130
Clamp for Spinning Machines. A Roving ... 353
Cloth Drying. The Thermal Efficiency of 594
Color Combinations by Machinery 166
"Component Material of Chief Value" 175
Concrete Construction and the Edison Fire .. 537
Cost of Wool Goods. Estimating 576
Cotton Batting Trade. The 225
Cotton Card Room. Experiences in a 212
Cotton Cloth. Measuring 223
Cotton Goods in India. Marketing 374
Cotton Goods. Inspecting 432
Cotton Piece Goods. Stains on 603
Cotton Reserves 277
Cotton Schedule. Development of the 367
Cotton Supply. The 58
Cotton Yarn Absorbent. Making 509
Crepe Fabrics 113
Degreasing Wool 305
Denmark and the British Embargo on Wool 278
Dressing 217
Elastic. Defect in 134
Elastic Fabric. An Improved 321
Elastic Fabrics. The Manufacture of 394
Electric Lighting. The 25th Anniversary of.. 106
Fibers not Generally Known 404
Fireproofing of Cotton Goods. Cost of the Permanent 104
Fire Losses in 1914 463
Flax and Hemp Supply. The 475
Formaldehyde on Wool. Effect of 327
Free Wool in the United States. Australian View of 407
French Cotton Mills 203
Gas Mantles. Machines for Making 228
German Patents in England 118
German Products to Suit German Taste 403

TS1300
T36

German Shoddy in War Time 307
German Tariff and Import Trade. The 273
German Wool Trade and the War 205
Germany. The Situation in 482, 564
Great Cry and Little Wool 563
Habutae. The Manufacture of 132
Hammer. A Home Made 444
Health of the Employe. The 81
Home Market Club. The 302
Horsehair Yarn 129
Humidity in the Air 224
Hygrometers for Textile Mills 255
Imports of Wool, Tops and Yarn
55, 185, 373, 464, 562
Labeling Bill for Textiles. The Myers 182
Lace Fabric. An Improved 315
Light as a Factor of Efficiency 195, 354
Loom. An Improved 633
Loom in the World. The Largest 202
Made in America 109, 190
Made in the United States 269
Manufacture and Sale of Textiles. Legislation Governing the 110
Mill Construction for 1914. Report of New .. 287
Mohair Yarn. Spinning 224
Moisture in Cotton 405
Myers Bill and the Senate Committee on Manufactures. The 555
Myers Bill. Pushing the 369
National Association of Cotton Manufacturers. The 63, 570
National Association of Wool Growers. The 283
National Association of Wool Manufacturers 484
Numbering of Yarn. The German 467, 489
Numbers for Worsted Tops. Quality 490
Overseers' Meeting 185
Passementerie Mill. A 445
Patent Bill. Hearing on the Paige 468
Paterson Exposition. The 188
Philadelphia Wool and Textile Association ... 316
Picking Cotton 508
Picks in Woven Goods. Determining the 203
Pink Boll Worm. The Importance of the 88
Polishing Twine 136
Power. Sources of 85
Prices for Chemicals. War 464
Prices for Wool. Maximum 465
Printing Process for Wool Goods. A 385
Prize Essays on Silk 463
Production and Preparation of Raw Cotton for the Spinner 74
Protection in England 465
Pure Textiles in Utah 55
Raw Silks by Its Defects. International Classification of 485, 579
Redfield and the Textile Industry. Secretary 180, 287, 567
Regain for Textiles. Standard 410
Resistance of Wear to Cloth. Testing the ... 430
Rubber Thread. Price of 607
Ruling Affecting Owners of Trade Marks. A 379
Schools in England. Textile 136
Scientist versus Manufacturer 585
Scotch Tweeds. The Making of 398
Scouring Wool. A Process for 634
Secrecy in Mills 607
Senator Reed and the Myers Bill 461
Sheep Dips in Uruguay 594
Sheep Killing Dogs. Dealing with 117
Shoe Cloths. Substitutes for Belgian and German 178, 388
Silk Association of America. The 573
Silk. Fraying of Raw 602
Silk. Lousy 606
Silk Warp Khaki. A 311
Silk Yarn. Artificial Spun Silk 116
Solidonia 495
South American Trade 273
Southern New England Textile Club. The .. 193
Southern Textile Association. The 62, 282
Spinning. Difficulty in 511
Spinning Spindles. Production of 223
Spiral Yarn. Manufacturing 311
Strength and Wearing Qualities of Cloth. The Effect of Structure on the 89
Surgical Bandage. "Bender" 329
Temperature and Humidity in Appraising Cotton Goods. Regulating 380
Thread Board for Spinning Machines 503
Testing Textile Materials 556
Testing Yarns 136
Textile Industries of Great Britain and Germany. The 597
Textile Labeling Bills. Studying the 371
Textile Trade in Germany. The 376
Time Temperature Distributions in a Bale of Cotton 104
Thin-Place Preventer for Looms 483
Trade with Belligerent Europe. American ... 60
Trademarks in Cotton Textiles. The Value of 99
Twists for Worsted Yarn 509
Varnish for Rollers 508
Vegetable Fibers. Mixing 603
War and Protection. The 179
War Sufferers. Relief of 279
Weaves. A Hand Book of
122, 208, 316, 400, 496, 589
Weaving. A Defect in 219
Weight of Cloth. Determining 57
Wild Animals and Wool 382
Wool and the British Empire 586
Wool and Wool Goods. Licenses to Export British 288
Wool. A Substitute for 448
Wool Embargo. The British 559

Woolen Goods for China 64a
Wool Goods in China 368
Wool Goods Market. The
60, 186, 279, 386, 478, 575
Wool Growing in the United States 312
Wool in England and Spain. Movement of .. 480
Wool Statistics 379
World's Demand for Cotton. The 96
Work in Woolen and Worsted Mills 58
Worsted. Dry-Combed 215
Worsted Yarn. Staining 607
Yarn for Astrakhan. Curling 411
Yarn Inspection. Weft 77
Yarn Number. Average 413
Yarn. Spinning Fine 389, 504
Yarn. Strength of 604
Yarn Table for Cotton and Silk Yarns. Comparative 199

Knitting

Athletic Hose. The Manufacture of 419
Athletic Shirts. The Manufacture of 148
Bias Knitted Fabric. A 444
Defects in Knit Goods 519
Fancy Knit Goods 233, 343, 611
Fleece-Lined Fabric. A 423
Fleeced Lined Knit Goods 616
Full Fashioned Heel. The "Pointex" 417
Gymnasium Clothing. Knit Cloth for 421
Hand Knitting Machine. A 351
Hosiery and Dyestuff Famine 62
Holes in Knit Fabric 412
Hosiery Boards 411
Installing Knitting Machinery 222
Jersey Sweaters 230
Knit Boots. Manufacturing 151
Knitted Fabric. A Novel 609
Knit Goods. Bleaching 135, 139
Knitting Machine. A Circular 420, 614
Knitting Machine Needle. A 518
Knitting Machine. The Tuttle (Lamb Knitting Machine Co.) 342
Length Controlling Device for Full Fashioned Machines 232
Metal Forms for Hosiery. (Paramount Metal Form Drying Co.) 339
Needle Carrier for Knitting Machines. A 416
Needles to the Inch. Number of 135
Numbers on a Wildman Machine 408
Pennsylvania Underwear Manufacturers Association 302
Rates for Union Suits. Piece Work 147
Retrospect and Prospect of Hosiery. Thirty Years' 515
Seaming Machine for Knitted Goods. A New Flat (Union Special Machine Co.) 513
Seam. The Flatlock Machine (Willcox & Gibbs Sewing Machine Co.) 415
Seconds in a Knitting Mill. Prevention of .. 146
Shaker Coat for Girls. A 415
Silk Hose. Fuzziness on 507
Sizes for Two-Piece Underwear. Standard.. 610
Solutions for Knitting Yarns. Method of Making 144
Stains on Knit Goods 224
Stocking. An Improved 617
Stocking. A Seamless 150
Stocking. An Improved 340
Stop Motion. Knitting Machine (Crawford Mfg. Co.) 229
Spots on Knit Goods. Blue 507, 602
Terms Used in Knitting 606
Undershirt. An Improved 145
Union Suit. An Improved 422
Wrinkles in Knit Goods. Mill 323

Dyeing, Bleaching, Finishing

Ability to Secure Dyestuffs. Subject to 179
Aniline Black on Cotton Hosiery 523
Artificial Dyestuff Industry. The 571
Beam Dyeing 79
Blacks on Medium Weight Wool Goods 330
Bleaching and Finishing Ratine 221
Bleaching Apparatus for Cotton. The Kuehn (Alfred Suter) 623
Bleaching Artificial Silk 506
Bleaching Cotton Cloth. Shrinkage in 529
Bleaching Piece Goods. The Thies System of (A. W. Buhlmann) 620
Carbonizing with Hydrochloric Acid Gas 410
Color Blending and Shade Matching 527
Colors for Tropical Countries 601
Cost of Dyeing Yarns. Labor 625
Cotton and Artificial Silk Hosiery. Dyeing .. 141
Cotton Waste. Bleaching 326, 411
Developer Situation. The 522
Dyeing and Finishing Fabrics. Machine for.. 243
Dyeing Machine. An Improved 622
Dyes in England. The Shortage of 158
Dyestuff Famine in England. Meeting the .. 154
Dyestuff Problem. The 370

Dyestuff Problem in England. The 334, 383
Dyestuff Situation. The 557
Dyestuffs and Patents 274
Dyestuffs. Supply of 53
Embargo on Dyestuffs. The German 240
Fastness of Dyes. The German Commission on the 156, 241
Finishing Piece Dyed Woolens 526
Finishing Process for Textiles. The Prein .. 426
Government-Owned Dyestuff Works 371
High Explosives vs. Dyestuffs 528
Hosiery. Dyeing 137
Hydrosulphite of Soda. Preparing 238
Indigo. The Development of Artificial 511
Jigger. An Improved High Pressure Boiling 427
Jute Twine. Finishing 431
Khaki. The Dyeing of Military 424
Knit Goods. Bleaching 135, 139, 409, 412
Material for Bleaching Tanks. Best 508
Mordant Dyeing. Modern 618
Modern Requirements of Dyed Cotton 152
Natural Dyes as Substitutes for Coal-Tar Colors 236, 334, 428
Ramie Sliver. Dyeing 135
Silk Hosiery. Dyeing 410
Skein Dyeing Machine. A New (Klauder-Weldon Dyeing Machine Co.) 435
Sponging and Shrinking Machine. A 426
Staining of Cotton and Wool Mixed Goods .. 524
State Support for Dyestuffs 64a
Stoppage of German Supplies of Dyestuffs .. 194
Weighting Silk 408
Wool. Dyeing Skin 604
Worsted Braid. Bleaching 218
Yarn Dyeing Machine. A (John H. Giles Dyeing Machine Co.) 332

New Machinery

Absorbent Cotton. Machine for Preparing (L. H. A. Schwartz & Co.) 350
Absorbent Cotton. Preparing (William Firth) 533
Bobbin and Spool Painting Machine. The J. E. Lock (Speed & Stephenson) 163
Bleaching Apparatus for Cotton. The Kuehn (Alfred Suter) 623
Building Materials Now Made of Rock. (Johns-Manville Co.) 254
Bleaching Piece Goods. The Thies System of (A. W. Buhlmann) 620
Centrifugal Pump. (Goulds Mfg. Co.) 535
Cloth Winder. The New (Parks & Woolson Machine Co.) 439
Clutch. Safety Self-Oiling (Dodge Mfg. Co.) 631
Cold Saw. A (John T. Burr & Son) 251
Conditioning Oven with Single Basket. A New Electric (Emerson Apparatus Co.) .. 164
Cooling and Conditioning Machine. (Manufacturers Machine Co.) 247
Cut Marker. The Fulton (Saco-Lowell Shops) 253
Dewing, Conditioning and Shrinking Machine. (A. W. Buhlmann) 250
Electric Fans. Direct Connected (B. F. Perkins & Son) 629
Keyseater for Shafting. A Portable (J. T. Burr & Son) 535
Knitting Machine. The Tuttle (Lamb Knitting Machine Co.) 342
Licker-in Wire Mounting Machine. (Dronsfield Bros.) 537
Metal Forms for Hosiery. (Paramount Metal Form Drying Co.) 339
Putting Up Goods to Suit Buyers. (Cameron Machine Co.) 630
Seaming Machine for Knitted Goods. A New Flat (Union Special Machine Co.) 513
Seam. The Flatlock Machine (Willcox & Gibbs Sewing Machine Co.) 415
Skein Dyeing Machine. A New (Klauder-Weldon Dyeing Machine Co.) 435
Slitting and Winding Strips for Surgeons' Bandages and Other Purposes. Process for (Cameron Machine Co.) 346
Spool. An Improved (Frank Mossberg Co.) 165
Stop Motion. Knitting Machine (Crawford Mfg. Co.) 105
Textile Motor. A New (Crocker-Wheeler Co.) 536
Time Recorder. The International (International Time Recording Co.) 438
Time Stamping and Recording Clock. (Follett Time Recording Co.) 252
Towel Loom. An Automatic (Crompton-Knowles Loom Works) 536
Trucking Efficiency in Textile Mills. (National Scale Co.) 250
Turbo-Undergrate Blower. (The B. F. Sturtevant Co.) 442
Valve. The Powell "Irenew" (Wm. Powell Co.) 629
Waterproof Wood Sole Shoes for the Dyehouse. (Wm. Brown Sons) 443
Willow for Waste Cleaning. (Saco-Lowell Shops) 632
Yarn Dveing Machine. A (John H. Giles Dyeing Machine Co.) 332
